

16 December 1957

Intelligence Information Staff, ORR
THRU : Chief, Industrial Division, ORR
Acting Chief, Electrical Equipment Branch, ORR

Request for Requirements, ORR 11993, DS-810

1. What electrotechnical equipment is manufactured under the administration of the Central Administration of the Electric Equipment Industry and the Central Administration of the Electric Apparatus Industry, respectively? Describe the organization and functions of these central administrations.

2. What manufacturing plants are subordinate to the above central administrations (list plants by numbers and official name under each administration if possible)? Include available data on each plant concerning value and volume of production, size of labor force, product mix, date of founding, personnel, technology, and research and development.

3. Are electrotechnical products produced under any other administrative organs than the two central administrations listed in 1, above? If so, please list the administrations, ministry of supervision, and other data as requested in 1 and 2, above.

4. What electrotechnical military equipment is manufactured? Examples: radar, point-to-point radio, missile guidance electronic equipment, infra-red devices. All available particulars of electrotechnical equipment for military use are urgently requested.
